

STANLEY BROWN

Software Engineer

SUMMARY

Creative, detail-oriented, MERN Stack Software Engineer with a deep interest in data. Proven track record of creating and implementing successful front and back-end web applications. With my background in teaching, insurance, and the military, I bring a diverse set of skills to the application development process.

WORK EXPERIENCE

Software Engineer | Los Angeles, CA

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full-stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Hip Coffee Co (Fullstack Web App) – Cashier can take coffee orders from customers with their names. Baristas can login to the app and see orders that have been made, mark them as complete. Orders that have been completed will note which barista completed the order.

Happy Notes (Fullstack Web App) – Users can login to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

100Hours Project –

Other Projects: Small Lakes Casino Virtual Slot Machine, Los Angeles StarGazers Society APOD Web App with NASA API integration, On-demand background color changer for Partnered Twitch streamer, and many more

Benefits Counselor / Employee Benefits System Admin | San Antonio, TX

June 2017 — January 2022

As a Benefits System Admin, I deploy and administer company benefit enrollments to include setting up file transfer protocols, and incorporating insurance carrier API's. As a Benefits Counselor, I sit down with and counsel employee's about their benefit options and decisions.

High School Math Teacher | Dallas ISD

July 2012 — May 2017

Teacher, Coach, Mentor, and Advocate of low SES students.
Practitioner of data-driven instruction. Increased pass rate by 26%
Department Head
